He called me with a follow up last Friday and we kidded about that. He then told me “not to give you too much praise, but you do a good job with the audience.” Paraphrased of course. But I took that as a big compliment. Not often I that from reporters.

Nice work Mike. In my view, Dillon Tabish is doing a great job with the news on CFAC.

I didn't see your spy cyanide capsule quote make it in the article ☺.

Hi Mark/Andrea,

The article below might show a little insight to what Glencore is thinking for remedy into the future. Not much of a surprise.

The article also has somewhat of a doomsday picture from the adjacent landowner, but in the end she states “Thank God for the EPA”

Hope your spring is going well,  
Mike
